

# ENRICHMENT CLUB OFFERINGS

## KNITTING CLUB

TEACHER: Herr & Magruder

A welcoming space where friendships grow, creativity flows, and every stitch brings a little more confidence. A perfect club for anyone who loves crafting, conversation, or simply trying something new. Students will learn the basics of knitting—or build on skills they already have—while working on a fun, achievable project. As their hands stay busy, the atmosphere stays light: plenty of time to chat, unwind, and enjoy the calm rhythm of making something by hand.

## BOOK CLUB

TEACHER: Neils

Join our exciting Book Club! Discover Max's big adventure in *A Dog on His Own* by Mary Jane Auch—a heartfelt story about friendship, courage, and finding home. Meet new friends, share favorite parts, and try fun activities inspired by the book. There's something for everyone!

## NEWSPAPER CLUB

TEACHER: Zysk

Extra! Extra! Read all about it! 5th graders become real reporters, editors, and creators working toward the very first publication of the *State Street Scoop*. Learn how to chase a story, interview classmates and teachers, write articles and design layouts using Canva. It's a fun, authentic way to build writing skills, teamwork, and confidence—perfect for curious minds who love to ask questions and share ideas.

## FREE PLAY CLUB

TEACHER: Ryan & Blowers

Kids need room to roam, imagine, negotiate, and create their own fun — and that's exactly what Free Play Club is all about. Rooted in the ideas highlighted in *The Anxious Generation*, this program gives children the chance to rediscover unstructured, screenfree play in a safe, supervised environment. With gentle guidance rather than constant direction, kids practice problem solving, independence, social skills, and confidence — all through the simple joy of play.

## CHESS CLUB

TEACHER: Norstad

Ready to boost brainpower and have fun doing it? The Chess Club is the perfect place for students to learn strategy, sharpen focus, and build confidence & sportsmanship—all through the timeless game of chess. Whether your child is a beginner or a budding grandmaster, they'll enjoy friendly matches, puzzles, and tournaments in a supportive, engaging environment. Let the games begin!

## KIDS CARE CLUB

TEACHER: Kirley & Paine

Designed for young changemakers, this fun and inspiring club empowers kids to give back to their communities through hands-on service projects and acts of kindness. Whether it's small, intentional acts like writing letters and cards to family, friends, and community helpers, or larger-scale projects like sandwich making for local shelters and cleaning up our parks, Kids Care Club helps children build empathy, leadership skills, and a lifelong love of helping others.

## SPANISH CLUB

TEACHER: Tormey

Get ready to explore Spanish language and culture in a fun, playful way! Each week, kids will learn new words and phrases through interactive activities that spark imagination and build confidence. Students can expect engaging lessons with music, movement & art.

## PET CARE CLUB

TEACHER: Donzella

Designed for young animal lovers who are eager to learn, explore, and become future pet caretakers. Students dive into the basics of responsible pet care—everything from feeding and grooming to understanding body language and creating safe, positive interactions.
